

# 2025/26 ACLS ONE DAY TRAINING COURSES

## UW Anesthesiology & Pain Medicine

The Department of Anesthesiology & Pain Medicine at the University of Washington provides several courses in Advanced Cardiac Life Support (ACLS) Training to UW staff and the general public.

### 2025/26 ACLS 1-DAY COURSES

#### FOR ANESTHESIA PROVIDERS ONLY

Classroom & Simulation-centered learning sessions on ACLS algorithms & megacode testing.

**Goal:** AHA ACLS credentialing

**For:** Community anesthesiologists and UW anesthesia staff (priority to UW Anesthesia residents)

**Place:** WISH Simulation Center

**December 6, 2025:** UW Northwest

**March 28, 2026:** UW Northwest

**Time:** Dec 6, 2025, 8:00a — 4:00p or 8:00a—11:00a

Full ACLS course

**OR**

**March 28, 2026,** 8:00a - 4:00p or 8:00a—11:00a

Full ACLS course

**Cost:** \$250 fee for community anesthesiologists (including VM)  
\$150 fee for UW Faculty, non-ACGME Fellows & CRNAs.

Free to UW Anesthesia residents

**Enroll:** To enroll, return the course application form by Nov 12, 2025 for the December course or Mar 3, 2026 for the March course.

### Anesoft ACLS Simulator

Computer-based learning tool offering ECG rhythm recognition, real-time megacode simulation & the ability to author your own case scenarios.

**Goal:** Practice for ACLS Written Exam  
Non-AHA ACLS credentialing

**For:** Department of Anesthesiology & Pain Medicine  
Faculty

Department of Cardiology Faculty

UW MDs & APPs taking Moderate Sedation Training

**Place:** Available on Department of Anesthesiology & Pain Medicine website through the LMS

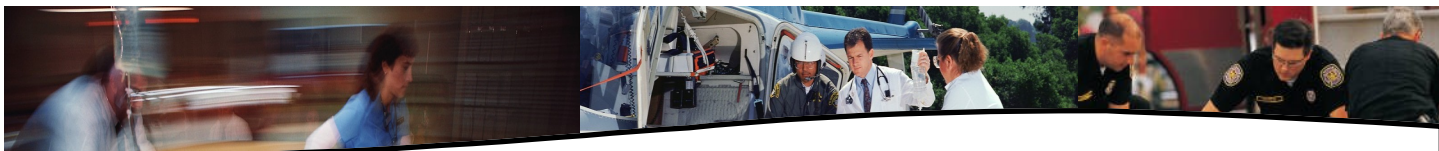

**Time:** At your convenience

**Cost:** UW Staff FREE

**Enroll:**

For the UW Staff & Students:

Browse to [www.bit.ly/anes-sim](http://www.bit.ly/anes-sim) for instructions on how to access the software.

# 2025/26 ACLS ONE-DAY CLASSROOM COURSES

Classroom/simulation-centered learning sessions for CPR, Automated External Defibrillator (AED), ACLS algorithms and megacode practice with manikins, rhythm simulators and monitors/defibrillators. Written test & megacode testing.

**For:** Community anesthesiologists and UW anesthesia staff ONLY

*Note: UW Anesthesiology Residents must have ACLS credentials by the end of their first year of clinical anesthesia (CA-1 / R2) and are given priority in enrollment.*

**Place:** WISH University of Washington Northwest.

**Time:** Dec 6, 2025, 8:00am—4:00pm  
OR March 28, 2026, 8:00am—4:00pm

Full course

**Cost:** FREE to UWAMC Anesthesia Residents, \$150 for UW Faculty, non-ACGME Fellows & CRNAs  
\$250 for community anesthesiologists (including VM)

## REQUIRED ACLS COURSE READING

ACLS Provider Manual, 2020 (\$41.50)  
and/or 2020 ECC Handbook (\$31.00)  
from American Heart Association

## Buy from:

AHA, University Bookstore, or Amazon —  
prices are higher at the bookstore.

OR

Borrow from a friend

## Full Course Schedule:

### Algorithm Review:

8:00—8:30am Breakfast(provided)

8:30—9:45am Review Lectures

1. ACLS course overview
2. Systematic Approach
3. High-quality BLS

4. Airway Management
5. Acute Coronary Syndromes
6. Stroke

7. Megacode

9:45—10:00am Coffee (provided)

### Algorithm Practice and Testing:

10:00a-12:30p Practice Sessions

*Participants will rotate through 4 stations. One station is for BLS practice and testing, and a chance to play with an AED. The other stations will be for algorithm and megacode practice with manikins, rhythm simulators and monitors/defibrillators.*

12:30p-1:00p Lunch (provided)

1:00p-4:00p Examination Session

*Megacode testing & written test*

4:00p Adjourn

## ACLS ONE-DAY CLASSROOM COURSE APPLICATION FORM

ACLS course I want to take:

☐ **ACLS 1-Day Course (December 6, 2025)**  
**ENROLLMENT DEADLINE: NOVEMBER 12, 2025**

☐ **ACLS 1-Day Course (March 28, 2026)**  
**ENROLLMENT DEADLINE: MARCH 3, 2026**

I am... UW Anesthesia Clinical Staff

☐ Attending

☐ Resident

☐ Fellow

☐ CRNA

☐ Other community physician / practitioner
