\*Note change in time for this session to meet with guest lecturer

### Notes:

Writer’s Workshop: These sessions will include peer review of drafts of any section of a manuscript (e.g., introduction only) and/or group time to work on papers and discuss scientific writing. Any submissions of manuscript drafts need to be sent the Monday before the meeting to allow time for peer review by the group. Grant sections can also be submitted for review at Writer’s Workshop.

Grantsmanship: These sessions will focus on different aspects of preparing applications to NIH and understanding the peer review process.

Professional development: These sessions will focus on several topics including ethics, open access/publishing, editorial boards, conferences, and peer review.

Other: Rigor and reproducibility sessions via the Fred Hutch program will be sent out for remote attendance
